My Philippine Flag (The Act of the Declaration of the Philippine Independence)

The Philippine flag that was unfurled during the proclamation of the Philippine Independence was designed to symbolize the nationalism and patriotism of the Filipinos who fought for the country's independence. Considering the present condition of the Philippines, where new threats to democracy, sovereignty, human rights, and civil liberties have emerged, **sketch your own version of the Philippine flag**. Explain the symbolisms that you used.

FLAG OF PEACE

The value I want to develop in my country is peace. According to Johan Galtung, peace is the absence of physical and institutional violence. But for me, it also means various ways of cooperation between states. There is no true peace without it; simply a sort of truce. This is one of our dreams to experience and make peace a reality. In our current world, even with so many acts of violence and war, we can achieve peace in a variety of ways. I hope that we may achieve peace as soon as possible, not just in my nation, but throughout the world.
